CONCERT:

Orchard Fire Band

Orchard Fire is one of the hardest working independent bands in the music business playing 270 shows in 20 states since June of 2017. Their highly anticipated sophomore Ep "The Temperance Sessions", recorded by Jared Conrad at CTM Studios on music row in Nashville Tennessee was released on September, 7th 2018.

The heart of this band are the songs. Songs that when stripped down to just Melissa Odom's expressive alto, her acoustic guitar, the fiddle, and the mandolin, are patently country, almost bluegrass at times. Songs that tell stories of love and life in full color. The ringing, crunchy guitar work of Justin Odom and the big pocket drumming of his brother Jared Odom transport the tunes from campfire to pumping rock club. It's a fresh and inspiring sound.

"Orchard Fire has swagger and grace, and onstage they shine with charisma. I've seen them take the stage for a cold audience who didn't know them or their music to a man, and win them over handily by the end of the set. Their music stays with you, and you find yourself singing the chorus of "Now or Never" or "Lullaby" weeks later. There is so much going on in those songs musically and the blend of styles make it so much more interesting than much of what you hear from typical country radio." -Byron Neighbors, Byron Amplification

Just as families make it a tradition to attend the Osage County Fair, so too is the tradition of quality from Quaker Window Products.

After 70 years, we're still a family-owned business known for American craftsmanship and old-fashioned accountability. Most of all, we're proud to call Osage County our home.

Have a great time at this year's Osage County Fair!

Orchard Fire Band

Orchard Fire is one of the hardest working independent bands in the music business playing 270 shows in 20 states since June of 2017. Their highly anticipated sophomore Ep "The Temperance Sessions", recorded by Jared Conrad at CTM Studios on music row in Nashville Tennessee was released on September, 7th 2018.

The heart of this band are the songs. Songs that when stripped down to just Melissa Odom's expressive alto, her acoustic guitar, the fiddle, and the mandolin, are patently country, almost bluegrass at times. Songs that tell stories of love and life in full color. The ringing, crunchy guitar work of Justin Odom and the big pocket drumming of his brother Jared Odom transport the tunes from campfire to pumping rock club. It's a fresh and inspiring sound.

"Orchard Fire has swagger and grace, and onstage they shine with charisma. I've seen them take the stage for a cold audience who didn't know them or their music to a man, and win them over handily by the end of the set. Their music stays with you, and you find yourself singing the chorus of "Now or Never" or "Lullaby" weeks later. There is so much going on in those songs musically and the blend of styles make it so much more interesting than much of what you hear from typical country radio." -Byron Neighbors, Byron Amplification

Point08 -

Point08 originally formed in the year 2000 and started performing across Missouri playing at large festivals, parties, bars, and large clubs. Through the years, there have been a few lineup changes, with the currently lineup playing together since 2009. Our focus is to bring you a high energy show with the big rock hits that you want to hear to keep your feet moving and your drinks in the air.

Point 08 brings solid musicianship to a massive set list of cover songs, which range from the 70's up until songs that hit the radio just yesterday. Point 08 uses high-end musical equipment and gear. We can work with your house sound and lights or use our own sound system and lighting. Whether it's a small bar, a huge festival, or you are putting on a private party or a wedding dance, Point 08 will deliver an outstanding entertainment experience.
